## NOTICE TO CONTRIBUTORS

The *Annals of the Rheumatic Diseases* is intended for publication of papers on original work in that branch of medicine. Adequate reference should be made to previous publications dealing with the subject of the paper.

A paper describing a single case cannot be accepted unless the case is sufficiently rare, or shows important features which have not been previously described, or has been made the subject of particular observations or experiments.

All papers submitted for publication and all other editorial matters should be referred to Dr. C. W. Buckley, 5, The Square, Buxton. Papers sent for publication must be typewritten. Where half-tone reproduction of x-ray illustrations is required, authors should send the original film and not prints. Photographs and photomicrographs should be printed on glossy paper and should be larger than the size desired for reproduction, and if transmitted through the post in a tube they should be rolled with the picture outside. Charts and curves accompanying papers should be carefully drawn in black ink on tracing linen or Bristol board or stout, smooth, white paper. Any lettering on these drawings should be lightly inserted in pencil.

References should be arranged according to the Harvard system. In the text the year of publication must follow the author's name, more than one paper in any one year being indicated by a small letter (*a, b, c*) after the date. No numbering of references is necessary. At the end of the contribution references are arranged in the alphabetical order of the authors' names. The reference details are then given as follows: Author's name, initials, year of publication (in parentheses), title of periodical (in italics, abbreviated according to the World List of Scientific Periodicals), volume number (bold type, Arabic numerals) and page number (ordinary type, Arabic numerals). When a book is referred to, the place of publication, edition and page should be given.

Contributors will receive one proof in page, but it is assumed that all but verbal corrections have been made in the original manuscript; an allowance at the rate of ten shillings per sheet of sixteen pages is made for alterations in the proof (printer's errors excepted), and contributors will be responsible for any excess.

Fifty free reprints of articles will, if desired, be given to contributors. Additional reprints at cost price can be supplied if application is made when returning proofs. An estimate of costs will be given if desired on application to the Publishing Manager, British Medical Association.

Papers which have been published become the property of the *Annals of the Rheumatic Diseases* and permission to republish must be obtained from the Editors.

Application for Advertisement space should be addressed to the Advertisement Manager, British Medical Association, Tavistock Square, London, W.C.1
