CONTENTS OF VOLUME 43

No. 1 FEBRUARY, 1984

Infection and interferon production in systemic juvenile chronic arthritis: a prospective study
A. De Vere-Tyndall, Teresa Brown, Ruth Parry, D. A. J. Tyrrell, A. M. Denman, and Barbara M. Ansell

Progression of radiological changes in rheumatoid arthritis
D. L. Scott, K. A. Grindulis, G. R. Struthers, B. L. Coulton, A. J. Popert, and P. A. Bacon

Does second-line therapy affect the radiological progression in rheumatoid arthritis?
T. Pullar, J. A. Hunter, and H. A. Capell

Prolonged low-dose corticosteroid therapy and osteoporosis in rheumatoid arthritis
V. J. Hajiroussou and M. Webley

Monocyte superoxide anion production in rheumatoid arthritis: preliminary evidence for enhanced rates of superoxide anion production by monocytes from patients receiving penicillamine, sodium aurothiomalate and corticosteroids
N. P. Hurst, B. Bessac, and G. Nuki

Neutrophil activation by immune complexes and the role of rheumatoid factor
R. Gale, J. V. Bertouch, T. P. Gordon, J. Bradley, and P. J. Roberts-Thomson

Rheumatoid arthritis in Lesotho
J. D. Moolenburgh, S. Moore, H. A. Valkenburg, and M. G. Erasmus

Long-term follow-up of corticosteroid injection for traumatic olecranon bursitis
Philip S. Weinstein, Juan J. Canoso, and Jeffrey R. Wohlgethan

Transcutaneous electrical nerve stimulation in osteoarthrosis: a therapeutic alternative?
Daniel Lewis, Beverley Lewis, and Roger D. Sturrock

Synovial protease/inhibitor ratios in erosive and nonerosive arthropathies
M. H. Pritchard

Nuclear magnetic resonance (NMR) tomographic imaging for popliteal cysts in rheumatoid arthritis

Popliteal masses masquerading as popliteal cysts
H. T. Griffiths, C. W. Elston, C. L. Colton, and A. J. Swannell

Use of electromyography to study leg muscle activity in patients with arthritis and in normal subjects during rising from a chair
J. S. Munton, M. I. Ellis, and V. Wright

Free thiomalate in plasma and urine of patients receiving sodium aurothiomalate
S. R. Rudge, D. Perrett, and A. J. Swannell
The pathergy test and Behçet’s syndrome in Britain
P. G. Davies, J. N. Fordham, J. R. Kirwan, C. G. Barnes, and W. J. Dinning

A comparative study of the pathergy reaction among Turkish and British patients with Behçet’s disease
H. Yazici, M. A. Chamberlain, Y. Tüzün, S. Yurdakul, and A. Müftüoğlu

Mast cells at sites of cartilage erosion in the rheumatoid joint
Michael Bromley, William D. Fisher, and David E. Woolley

Synovial infection with Mycobacterium kansasii
M. Leader, P. Revell, and G. Clarke

Biomechanical and biochemical properties of dog cartilage in experimentally induced osteoarthritis
Roy D. Altman, Jerry Tenenbaum, Loren Latta, Wayne Riskin, Luciano N. Blanco, and David S. Howell

Selective C4 deficiency, systemic lupus erythematosus, and Whipple’s disease
Michael Ehrenfeld, Murray B. Urowitz, and M. E. Platt

Malignant myositis ossificans: occult gastric carcinoma presenting as an acute rheumatic disorder
Lewis H. Rosenbaum, John J. Nicholas, B. Simon Slasky, David L. Obley, and Lawrence D. Ellis

Progressive cavitating pulmonary changes in rheumatoid arthritis: a case report
J. D. MacFarlane, C. K. Franken, and A. W. F. M. Van Leeuwen

Acute psoriatic arthropathy precipitated by oxprenolol
D. G. MacFarlane and L. Settas

Heberden Society: Annual General Meeting and Oration

Book reviews

Notes

Obituary

Correspondence

No. 2 APRIL, 1984

William Harvey and his gout
F. Dudley Hart

Cancer morbidity in rheumatoid arthritis

Lymphoproliferative malignancy in rheumatoid arthritis: a study of 20 cases

A study of lymphocytotoxins in families of patients with systemic lupus erythematosus
Ron A. Hazelton
Spontaneous and induced immunoglobulin secretion by synovial fluid B lymphocytes in rheumatoid arthritis

Jørgen Petersen, Thorsten Ingemann-Hansen, and Jens Halkjær-Kristensen

Changes in normal polymorphonuclear leucocyte motility after ingestion of IgG aggregates

Impaired polymorphonuclear leucocyte chemotaxis in rheumatoid arthritis

Quantitative sacroiliac scintiscanning: a sensitive and objective method for assessing efficacy of nonsteroidal, anti-inflammatory drugs in patients with sacroilitis

N. A. Dunn, B. H. Mahida, M. V. Merrick, and G. Nuki

Microfocal radiographic examination of erosions in the wrist and hand of patients with rheumatoid arthritis

J. C. Buckland-Wright

Increased number of IgG-containing cells in rectal lamina propria of patients with ankylosing spondylitis

Malcolm A. Stodell, Robin C. Butler, Viviana A. Zemelman, Kristin Henry, and Derrick A. Brewerton

Two-dimensional gel analysis demonstrates no structural alteration of HLA-B27 polypeptides between patients with ankylosing spondylitis and healthy individuals

Joseph A. Trapani, Ian D. Walker, and Ian F. C. McKenzie

Enhanced neutrophil migration in vivo HLA-B27 positive subjects

Paivi Koivuranta-Vaara, Heikki Repo, Urpo Kiistala, Thua Osterman, and Heikki Vapaatalo

IgM, IgG, and IgA synthesis in vitro in persons suffering from yersinia arthritis and in patients with ankylosing spondylitis

Risto Vuento, Jussi Eskola, Rauli Leino, Saija Koskimies, and Markku Viander

Clinical sacroiliac tests in ankylosing spondylitis and other causes of back pain—2 studies

P. W. Blower and A. J. Griffin

Attempt to modify klebsiella carriage in ankylosing spondylitic patients by diet: correlation of klebsiella carriage with disease activity

R. Shinebaum, V. Neumann, R. Hopkins, E. M. Cooke, and V. Wright

Report on chloroquine and dapsone in the treatment of rheumatoid arthritis: a 6-month comparative study

P. D. Fowler, M. F. Shadforth, P. R. Crook, and A. Lawton

Chloroquine: its effect on leucocyte auto- and heterophagocytosis

Carolyn J. P. Jones and Malcolm I. V. Jayson

D-penicillamine withdrawal in rheumatoid arthritis

M. J. Ahern, N. D. Hall, K. Case, and P. J. Maddison
HLA DR antigens and disease expression in rheumatoid arthritis
A. J. Griffin, P. Wooley, G. S. Panayi, and J. R. Batchelor

Increased DNA and/or RNA content of synovial fluid cells in rheumatoid arthritis: a flow-cytometry study
B. Bonvoisin, G. Cordier, J. P. Revillard, E. Lejeune, and M. Bouvier

Blood gold concentrations in children with juvenile rheumatoid arthritis undergoing long-term oral gold therapy
Edward H. Giannini, Earl J. Brewer, and Donald A. Person

Increased DNA and/or RNA content of synovial fluid cells in rheumatoid arthritis: a flow-cytometry study
Bonvoisin, G. Cordier, J. P. Revillard, E. Lejeune, and M. Bouvier

Blood gold concentrations in children with juvenile rheumatoid arthritis undergoing long-term oral gold therapy
Edward H. Giannini, Earl J. Brewer, and Donald A. Person

Increased DNA and/or RNA content of synovial fluid cells in rheumatoid arthritis: a flow-cytometry study
Bonvoisin, G. Cordier, J. P. Revillard, E. Lejeune, and M. Bouvier

Blood gold concentrations in children with juvenile rheumatoid arthritis undergoing long-term oral gold therapy
Edward H. Giannini, Earl J. Brewer, and Donald A. Person

Increased DNA and/or RNA content of synovial fluid cells in rheumatoid arthritis: a flow-cytometry study
Bonvoisin, G. Cordier, J. P. Revillard, E. Lejeune, and M. Bouvier

Blood gold concentrations in children with juvenile rheumatoid arthritis undergoing long-term oral gold therapy
Edward H. Giannini, Earl J. Brewer, and Donald A. Person

Increased DNA and/or RNA content of synovial fluid cells in rheumatoid arthritis: a flow-cytometry study
Bonvoisin, G. Cordier, J. P. Revillard, E. Lejeune, and M. Bouvier

Blood gold concentrations in children with juvenile rheumatoid arthritis undergoing long-term oral gold therapy
Edward H. Giannini, Earl J. Brewer, and Donald A. Person

Increased DNA and/or RNA content of synovial fluid cells in rheumatoid arthritis: a flow-cytometry study
Bonvoisin, G. Cordier, J. P. Revillard, E. Lejeune, and M. Bouvier

Blood gold concentrations in children with juvenile rheumatoid arthritis undergoing long-term oral gold therapy
Edward H. Giannini, Earl J. Brewer, and Donald A. Person

Increased DNA and/or RNA content of synovial fluid cells in rheumatoid arthritis: a flow-cytometry study
Bonvoisin, G. Cordier, J. P. Revillard, E. Lejeune, and M. Bouvier

Blood gold concentrations in children with juvenile rheumatoid arthritis undergoing long-term oral gold therapy
Edward H. Giannini, Earl J. Brewer, and Donald A. Person

Increased DNA and/or RNA content of synovial fluid cells in rheumatoid arthritis: a flow-cytometry study
Bonvoisin, G. Cordier, J. P. Revillard, E. Lejeune, and M. Bouvier

Blood gold concentrations in children with juvenile rheumatoid arthritis undergoing long-term oral gold therapy
Edward H. Giannini, Earl J. Brewer, and Donald A. Person
Vertebral rim lesions in the dorsolumbar spine  
R. C. Hilton and J. Ball  
302

Aspiration of the retrocalcaneal bursa  
Juan J. Canoso, Jeffrey R. Wohlgethan, Arthur H. Newberg, and Martin R. Goldsmith  
308

Stimulation of glycosaminoglycan production and lysosomal activity of human synovial cells in culture by low environmental pH  
313

Hyaline articular cartilage dissected by papain: light and scanning electron microscopy and micromechanical studies  
Patricia O’Connor, Janet D. Brereton, and D. L. Gardner  
320

Response of slowly adapting articular mechanoreceptors in the cat knee joint to alterations in intra-articular volume  
L. Wood and W. R. Ferrell  
327

Effects of D-penicillamine on growth and cell cycle kinetics of cultured rabbit articular chondrocytes  
Patrick Jaffray, Xavier Ronot, Monique Adolphe, Janine Fontagne, and Paul Lechat  
333

Systemic lupus erythematosus preceded by long-term cryoglobulinaemia  
J. Perek, M. Mittelman, A. Eisbruch, and M. Djaldetti  
339

Lateral subluxation of the atlas in rheumatoid arthritis: a case report and post-mortem study  
N. Bogduk, G. A. C. Major, and J. Carter  
341

Multiple tendon rupture in systemic lupus erythematosus: case report and review of the literature  
Israel Potasman and Harry M. Bassan  
347

Book reviews  
127, 135, 145, 150, 156, 191, 263, 326

Correspondence  
350

Notes  
352

No. 3 JUNE, 1984

Frozen shoulder: prospective clinical study with an evaluation of three treatment regimens  
D. Y. Bulgen, A. I. Binder, B. L. Hazleman, J. Dutton, and S. Roberts  
353

Frozen shoulder: a long-term prospective study  
A. I. Binder, D. Y. Bulgen, B. L. Hazleman, and S. Roberts  
361

Frozen shoulder: an arthrographic and radionuclear scan assessment  
A. I. Binder, D. Y. Bulgen, B. L. Hazleman, J. Tudor, and P. Wraight  
365

Incidence of metabolic bone disease in rheumatoid arthritis and osteoarthritis  
H. C. Ng, P. A. Revell, M. Beer, B. J. Boucher, R. D. Cohen, and H. L. F. Currey  
370

Coeliac disease and rheumatoid arthritis  
A. L. Parke, E. A. Fagan, V. S. Chadwick, and G. R. V. Hughes  
378
Ankylosing spondylitis in North India: a clinical and immunogenetic study
Sanjeev Prakash, Narinder K. Mehra, Sneh Bhargava, Mahesh C. Vaidya, and Anand N. Malaviya
381

Nutritional status in patients with rheumatoid arthritis
M. Helliwell, E. J. Coombes, B. J. Moody, G. F. Batstone, and J. C. Robertson
386

Shoulder-hand syndrome and symmetrical arthralgia in patients with tubo-ovarian carcinoma
A. J. Taggart, J. M. I. Iveson, and V. Wright
391

Gout in South African blacks
G. M. Mody and P. D. Naidoo
394

Outcome of attempts to treat rheumatoid arthritis with gold, penicillamine, sulphasalazine, or dapsone
K. A. Grundulis and B. McConkey
398

Thrombokinetics in patients with rheumatoid arthritis treated with D-penicillamine
D. Thomas, A. S. Gallus, P. M. Brooks, R. Tampi, R. Geddes, and W. Hill
402

A controlled trial of antihypertensive therapy in systemic sclerosis (scleroderma)
James F. Fries, Cody Wasner, Jeffrey Brown, and Paul Feigenbaum
407

Some observations on the pharmacology of ‘deep-heat’, a topical rubifacient
411

Temporal artery biopsy and corticosteroid treatment
M. C. Allison, and P. J. Gallagher
416

Effects of local administration of hydrocortisone on cartilage degradation in vivo
A. D. Sedgwick, Y. M. Sin, A. R. Moore, J. C. W. Edwards, and D. A. Willoughby
418

DMSO and colchicine therapy in amyloid disease
Morton A. Scheinberg, Jose Carlos Pernambuco, and Merryl D. Benson
421

Mononuclear phagocytes in rheumatoid arthritis: Fc-receptor expression by peripheral blood monocytes
S. D. Carter, J. T. Bourne, C. J. Elson, C. W. Hutton, R. Czudek, and P. A. Dieppe
424

Mechanisms of depressed delayed-type hypersensitivity in rheumatoid arthritis: the role of protein energy malnutrition
Paul Emery, Gabriel Panayi, Deborah Symmons, and Gill Brown
430

Enhanced bacterial phagocytosis by peripheral blood monocytes in rheumatoid arthritis
M. M. Steven, S. E. Lennie, R. D. Sturrock, and C. G. Gemmell
435

Haematuria in rheumatoid arthritis: an association with mesangial glomerulonephritis
440
Circadian variation in biochemical assessments used to monitor rheumatoid arthritis
Nicola G. Sitton, Allister J. Taggart, Jonathan S. Dixon, Karen E. Surrall, and Howard A. Bird

Differences in immunochemical characteristics of cryoglobulins in rheumatoid arthritis and systemic lupus erythematosus and their complement binding properties
C. C. Erhardt, Pat Mumford, and R. N. Maini

Inhibition of natural killer cell activity by serum from patients with systemic lupus erythematosus: roles of disease activity and serum interferon
Steven R. Ytterberg and Thomas J. Schnitzer

Oxygen free-radicals mediate an inhibition of proteoglycan synthesis in cultured articular cartilage
Edna J. Bates, Dennis A. Lowther, and Christopher J. Handley

An immunohistological study of secondary Sjögren’s syndrome
D. A. Isenberg, Deborah Rowe, A. Tookman, Ann Hopp, Meryl Griffiths, Elizabeth Paice, Jane Stewart, and P. C. L. Beverley

Morphology of human palmaris longus tendon
S. P. Nicholls, L. J. Gathercole, and J. S. Shah

Antibodies to cultured rat heart cells in sera of patients with rheumatoid arthritis
R. More, Z. Stern, Y. Galon, and A. Laufer

Studies on the clearance of calcium pyrophosphate crystals from facsimile synovium
Y. M. Sin, A. D. Sedgwick, A. Moore, and D. A. Willoughby

Yersinia arthritis: demonstration of occult enteritis by 111Indium leucocyte scanning

Ischaemic colitis and immune complexes during gold therapy for rheumatoid arthritis
A. Wright, G. F. A. Benfield, and D. Felix-Davies

Multiple microcrystal deposition disease in a patient with systemic lupus erythematosus
Martin A. Rodríguez, Hernando Paul, Isaac Abadi, José R. Bravo, and Pedro Armas

Shoulder joint rupture and pseudothrombosis in rheumatoid arthritis
Julien P. de Jager and Anthony Fleming

Felty’s syndrome associated with high levels of IgA rheumatoid factor
R. H. Withrington, I. Teitsson, M. H. Seifert, and H. Valdimarsson

Cryptococcal arthritis and cellulitis
Robert D. Bunning and Werner F. Barth

Gold nephropathy due to auranofin obscured by tolmetin pseudo-proteinuria
A. P. R. Wilson, P. J. Prouse, and J. M. Gumpel

Nephrotic syndrome and renal impairment associated with fenclofenac
L. Sellars, R. Wilkinson, A. R. Morley, and R. H. Salter

Pericardial mesothelioma presenting as systemic lupus erythematosus
L. McGuigan and A. Fleming
Listeria monocytogenes septic arthritis following intra-articular yttrium-90 therapy
   A. P. R. Wilson, P. J. Prouse, and J. M. Gumpel

Scleroderma, primary biliary cirrhosis, and Sjögren’s syndrome after cosmetic breast augmentation with silicone injection: a case report of possible human adjuvant disease
   Y. Okano, M. Nishikai, and A. Sato

Parasitic arthritis induced by Strongyloides stercoralis
   T. Akoglu, I. Tuncer, E. Erken, A. Gürçay, F. L. Özer, and K. Özcan

Whipple’s disease diagnosed at hip arthroplasty

Fibre glass induced synovitis
   Leslie G. Cleland, Barrie Vernon-Roberts, and Kym Smith

No. 4 AUGUST, 1984

Effect of high-dose methylprednisolone therapy on phagocyte function in systemic lupus erythematosus
   S. H. Boghossian, D. A. Isenberg, G. Wright, M. L. Snaith, and A. W. Segal

Laminin and vascular proliferation in rheumatoid arthritis

Eosinophil cationic protein in inflammatory synovial effusions as evidence of eosinophil involvement
   R. Hällgren, A. Bjelle, and P. Venge

Measures of functional ability (disability) in arthritis in relation to impairment of range of joint movement
   Elizabeth M. Badley, Susan Wagstaff, and Philip H. N. Wood

Radiological changes in men and women with ankylosing spondylitis
   J. T. Gran, G. Husby, M. Hordvik, H. Størmer, and Ø. Romberg-Andersen

Microvascular filtration in subjects with connective tissue disorders
   J. C. W. Edwards and M. L. Snaith

Hypogammaglobulinaemia associated with gold therapy
   A. K. L. So, S. A. Peskett, and A. D. B. Webster

Abnormal radionuclide liver scans in giant cell arteritis
   J. Jones, M. V. Kyle, Brian L. Hazleman, and Philip Wraight

Serum amyloid A protein concentration in progressive systemic sclerosis (scleroderma)
   Sydney R. Brandwein, Thomas A. Medsger, Jr., Martha Skinner, Jean D. Sipe, Gerald P. Rodnan, and Alan S. Cohen
Absence of impaired lymphocyte transformation to *Klebsiella* spp. in ankylosing spondylitis
*T. Douglas Kinsella, Claire Lanteigne, Marvin J. Fritzler, and Raymond M. Lewkonia*

Hashimoto’s thyroiditis and polyarthritis: a possible subset of seronegative polyarthritis
*Nicole G. H. LeRiche and David A. Bell*

Non-gouty arthritis in sickle cell disease: report of 37 consecutive cases
*K. de Ceuilaer, M. Forbes, D. Roper, and G. R. Serjeant*

Employment in ankylosing spondylitis
*L. E. McGuigan, H. H. Hart, P. J. Gow, B. L. Kidd, R. R. Grigor, and T. E. Moore*

Pyogenic osteomyelitis presenting as an acute sterile arthropathy
*Philip N. Platt and Ian D. Griffiths*

Salivary scanning in rheumatoid arthritis with sicca syndrome
*Julien P. De Jager, Daniel Choy, and Anthony Fleming*

Epidemiological study of HLA and GM in rheumatoid arthritis and related symptoms in an open Dutch population
*B. M. de Jongh, L. K. J. van Romunde, H. A. Valkenburg, G. G. de Lange, and J. J. van Rood*

Intra-articular radioactive yttrium and triamcinolone hexacetonide: an inconclusive trial
*Arthritis and Rheumatism Council Multicentre Radio-synoviorthesis Trial Group*

Transmission electron microscopic identification of silicon-containing particles in synovial fluid, potential confusion with calcium pyrophosphate dihydrate and apatite crystals
*Thomas Bardin, H. Ralph Schumacher, Juliette, Lansaman, Susan Rothfuss, and Antoine Dryll*

Heparin modulates intracellular cyclic AMP in human trabecular bone cells and adherent rheumatoid synovial cells
*A. J. Crisp, M. S. Roelke, S. R. Goldring, and S. M. Krane*

Chemical changes of human knee joint menisci in various stages of degeneration
*Jurgen Herwig, Eberhard Egner, and Eckhart Buddecke*

Surfactants identified in synovial fluid and their ability to act as boundary lubricants
*B. A. Hills and B. D. Butler*

Amyloidosis and systemic lupus erythematosus
*Martin G. Ridley, Peter J. Maddison, and Colin R. Tribe*

Use of anti-idiotypic antibodies to demonstrate rheumatoid factor producing bone marrow cells in essential mixed cryoglobulinaemia
*A. E. Gharavi, G. Campion, and G. R. V. Hughes*

Anaplastic myeloma in systemic lupus erythematosus
*R. C. Butler, S. M. Thomas, J. M. Thompson, and A. C. S. Keat*

A pitfall in purulent arthritis brought out in *Kingella kingae* infection of the knee
*I. Salminen, R. von Essen, K. Koota, and A. Nissinen*
Arthritis of the middle ear in ankylosing spondylitis

M. Magaro, G. Ceresia, and A. Frustaci

No. 5 OCTOBER, 1984

Heberden Oration: HLA as regulator
J. J. van Rood

Prospective study of early rheumatoid arthritis. I. Prognostic value of IgA rheumatoid factor
Ingvar Teitsson, R. H. Withrington, M. H. Seifert, and Helgi Valdimarsson

Prospective study of early rheumatoid arthritis. II. Association of rheumatoid factor isotypes with fluctuations in disease activity
R. H. Withrington, Ingvar Teitsson, Helgi Valdimarsson, and M. H. Seifert

Clinical judgment in rheumatoid arthritis. III. British rheumatologists' judgment of 'change in response to therapy'
J. R. Kirwan, D. M. Chaput de Saintonge, C. R. B. Joyce, and H. L. F. Currey

Clinical judgment in rheumatoid arthritis. IV. Rheumatologists' assessments of disease remain stable over long periods
J. R. Kirwan, and H. L. F. Currey

Free thiomalate levels in patients with rheumatoid arthritis treated with disodium aurothiomalate: relationship to clinical outcome of therapy
S. R. Rudge, D. Perrett, and A. J. Swannell

Characteristics of spontaneously proliferating mononuclear cells in rheumatoid arthritis
Karin Froebel, Robina Dickson, D. Lewis, M. K. Jasani, and R. D. Sturrock

The presence of abnormal lysosomes in lymphocytes and neutrophils during chloroquine therapy: a quantitative ultrastructural study
Carolyn J. P. Jones, Richard S. Salisbury, and Malcolm I. V. Jayson

Rheumato logical manifestations of infective endocarditis
Ph Thomas, J. Allal, D. Bontoux, F. Rossi, J. Y. Poupet, J. P. Petitalot, and B. Becq-Giraudon

Fibrinogenolysis in polymyalgia rheumatica and temporal arteritis: preliminary findings on association with disease activity
Rafael G. Grau, Stuart S. Kassan, John J. Franks, Herbert Kaplan, Strother H. Walker, and Eng M. Tan

Antibodies to peptidoglycan in patients with spondylarthritis: a clue to disease aetiology?
Hydow Park, H. Ralph Schumacher, Allen R. Zeiger, and James T. Rosenbaum
Effects of immune complexes from SLE patients on human monocyte locomotion and Fc receptor function

Katalin Lukacs, Maria Kavai, Aniko Banyai, Ildiko Sonkoly, Eva Vegh, Gyongyi Szabo, and Gy. Szegedi

Histopathological and ultrastructural studies of synovium in Milwaukee shoulder syndrome—a basic calcium phosphate crystal arthropathy
Paul B. Halverson, John C. Garancis, and Daniel J. McCarty

Synovial fluid lactate levels in septic and non-septic arthritides
C. Gobelet and J. C. Gerster

Anticardiolipin antibodies: occurrence in Behçet’s syndrome

Immunisation of guinea-pigs with circulating immune complexes from patients with rheumatoid arthritis
C. E. Hack, H. G. Lim, and R. C. Aalberse

Technique-related variation in results of FANA tests
Pornthita Chaiamnuay, Carol Johnston, Janet Maier, and Anthony S. Russell

Calcifying supracoracoid bursitis as a cause of chronic shoulder pain
J. Mens and J. K. van der Korst

The lupus anticoagulant, pulmonary thromboembolism, and fatal pulmonary hypertension
N. E. Anderson and M. R. Ali

Transient Brown’s syndrome in juvenile chronic arthritis
A. S. Kemp, Cathie Searle, and Susan Horne

Book review
