Journal summary	793
Leader	
Pregnancy and antibodies to phospholipids MARK J WALPORT	795
Scientific papers	
Fetal loss treatment in patients with antiphospholipid antibodies J ORDI, J BARQUINERO, M VILARDELL, <i>et al</i>	798
Relation between soluble interleukin 2 receptor and clinical findings in patients with systemic lupus erythematosus YOSHIKI TOKANO, ATSUKO MURASHIMA, YOSHINARI TAKASAKI, <i>et al</i>	803
Systemic lupus erythematosus. III. Observations on clinical renal involvement and follow up of renal function: Dutch experience with 110 patients studied prospectively J C NOSSENT, WILLEM BRONSVELD, AND A J G SWAAK	810
Validity of reported pain as a measure of clinical state in juvenile rheumatoid arthritis CAROLINE K ROSS, JOHN V LAVIGNE, JENNIFER R HAYFORD, <i>et al</i>	817
Human epidermal growth factor for the stratification of synovial lining layer and neovascularisation in rheumatoid arthritis SHUNICHI SHIOZAWA, KAZUKO SHIOZAWA, YASUSHI TANAKA, <i>et al</i>	820
Synovial fluid hydroxyapatite crystals: detection thresholds of two methods T CUNNINGHAM, D UEBELHART, J M VERY, <i>et al</i>	829
Interaction of polymorphonuclear leucocytes with patellar cartilage of immobilised arthritic joints: a scanning electron microscopic study P L E M VAN LENT, F H A WILMS, AND W B VAN DEN BERG	832
Immunoglobulin heavy chain constant region variants in rheumatoid arthritis M G LOFTUS, P SANDERS, G DE LANGE, AND D M GRENNAN	838
Autoantibodies to recombinant lipocortin-1 in rheumatoid arthritis and systemic lupus erythematosus N J GOULDING, M R PODGORSKI, N D HALL, <i>et al</i>	843
Case reports	
Infectious arthritis caused by <i>Propionibacterium acnes</i> : a report of two cases M F KOIJMANS-COUTINHO, H M MARKUSSE, AND B A C DIJKMANS	851
Cerebrovascular accident and myocardial infarction associated with anticardiolipin antibodies in a young woman with systemic lupus erythematosus YORAM MAARAVI, EYAL RAZ, DAN GILON, AND ALAN RUBINOW	853
Selective removal of anti-double-stranded DNA antibodies by immunoabsorption with dextran sulphate in a patient with systemic lupus erythematosus MAKIKO KINOSHITA, SHINICHI AOTSUKA, TAKASHI FUNAHASHI, <i>et al</i>	856
Rapid report	
Possible involvement of interferon alfa in the pathogenesis of fever in systemic lupus erythematosus YOSHIHARU KANAYAMA, TOMOIKU KIM, HIROMI INARIBA, <i>et al</i>	861
Review	
Oxygen free radicals, inflammation, and synovitis: the current status P MERRY, P G WINYARD, C J MORRIS, <i>et al</i>	864
Viewpoint	
Compliance in clinical trials T PULLAR, S KUMAR, AND M FEELY	871
Letters	876
Encore	880
