

Annals of the

RHEUMATIC DISEASES

- 69 Journal summary**
- Leaders**
- 71 Fish oil and rheumatoid arthritis: Does a herring a day keep rheumatologists away? *J Belch*
- 73 Epidemic reactive arthritis *Clifford J Eastmond*
- Book reviews**
- 75 Immunointervention in Autoimmune Diseases • The Antiquity of the Erosive Arthropathies • Surgical Management of Rheumatoid Arthritis • Autoantibodies to Immunoglobulins
- Scientific papers**
- 76 Effects of fish oil supplementation in rheumatoid arthritis *Hille van der Tempel, Jacob E Tulleken, Pieter C Limburg, Frits A J Muskiet, Martin H van Rijswijk*
- 81 Lymphocyte surface marker expression in rheumatic diseases: evidence for prior activation of lymphocytes in vivo *Malcolm D Smith, Peter J Roberts-Thomson*
- 88 Measurement of joint inflammation in rheumatoid arthritis with indium-111 chloride *Robert H Shmerling, J Anthony Parker, William D Johns, David E Trentham*
- 93 Anaemia in rheumatoid arthritis: the role of iron, vitamin B₁₂, and folic acid deficiency, and erythropoietin responsiveness *G Vreugdenhil, A W Wognum, H G van Eijk, A J G Swaak*
- 99 Sulphur bath and mud pack treatment for rheumatoid arthritis at the Dead Sea area *S Sukenik, D Buskila, L Neumann, A Kleiner-Baumgarten, S Zimlichman, J Horowitz*
- 103 Phenotypic and genotypic analysis of mononuclear cells from patients with Felty's syndrome *M J Ahern, P J Roberts-Thomson, J Bradley, C Story, P Seshadri*
- 107 Infective endocarditis, rheumatoid factor, and anticardiolipin antibodies *Ronald A Asherson, Mohammed Tikly, Henrique Staub, Peter T Wilmschurst, D John Coltart, Munther Khamashta, Graham R V Hughes*
- 109 Isotype distribution of anticardiolipin antibodies in systemic lupus erythematosus: prospective analysis of a series of 100 patients *Ricard Cervera, Josep Font, Alfons López-Soto, Francesc Casals, Lucio Pallarés, Albert Bové, Miguel Ingelmo, Alvaro Urbano-Márquez*
- 114 Neuropsychiatric lupus erythematosus, cerebral infarctions, and anticardiolipin antibodies *Roderick A Fields, Wilmer L Sibbitt, Hala Toubbeh, Arthur D Bankhurst*
- 118 A subset of systemic lupus erythematosus with progressive cystic bone lesions *Leena Laasonen, Marianne Gripenberg, Ritva Leskinen, Bo Skrifvars, Johan Edgren*
- 121 Partial purification and characterisation of a synovial fluid inhibitor of osteoblasts *R A Hazelton, R Vedam, P P Masci, A N Whitaker*
- 125 Influence of indomethacin on extracellular calcium homeostasis *J W J Bijlsma, A J Rabelink*
- Review article**
- 128 The heat shock protein response and its role in inflammatory disease *Vivienne R Winrow, Lachy McLean, Christopher J Morris, David R Blake*
- Letters to the editor**
- 133 The time of blood sampling for osteocalcin determinations *J M Nolla, A Rozadilla, P Pietschmann*
- 133 Anticardiolipin antibody negative occlusive vascular retinopathy in systemic lupus erythematosus *P H Dessein, R F Gledhill, R A Asherson*
- 134 Beneficial effects of reduced intake of polyunsaturated fatty acids in the diet for one year in patients with systemic lupus erythematosus *Å Thörner, G Walldius, E Nilsson, K Hådel, R Gullberg*
- 134 Peyronie's disease in systemic sclerosis *J Ordi, A Selva, V Fonollosa, M Vilardell, R Jordana, C Tolosa*
- 135 Arthritis in acute febrile neutrophilic dermatosis (Sweet's syndrome) *J M Nolla, X Juanola, J Valverde, D Roig-Escofet, X Pagerols, O Servitge*
- 136 **Encore**
