Contents

Volume 67 Number 8 | ARD August 2008

Editorial
1061 Standardisation in clinical laboratory medicine: an ethical reflection
X Bossuyt, C Louche, A Wink

Hypothesis
1064 A biography of the chondrocyte
P A Sinkin

Extended reports
1069 Association of a gene expression profile from whole blood with disease activity in systemic lupus erythematosus
M Nikpour, A A Dempsey, M B Urowitz, D D Gladman, D A Barnes

1076 CCL3L1 gene-containing segmental duplications and polymorphisms in CCR5 affect risk of systemic lupus erythematosus

1084 Abatacept inhibits progression of structural damage in rheumatoid arthritis: results from the long-term extension of the AIM trial
H K Genant, C C Peterfy, R Westhovens, J-C Becker, R Aranda, G Vratsanos, J Teng, J M Kremer

1090 Everolimus in patients with rheumatoid arthritis receiving concomitant methotrexate: a 3-month, double-blind, randomised, placebo-controlled, parallel-group, proof-of-concept study
G A W Bruyn, G Tate, F Caeiro, J Maldonado-Cocco, R Westhovens, H Tannenbaum, M Bell, O Farre, O Bjørnøye, P P Tadk, R H Aberywickstroma, P Berkhards, P L C van Riel, for the RADD study group

1096 Efficacy and safety of abatacept or infliximab vs placebo in ATTENT: a phase III, multi-centre, randomised, double-blind, placebo-controlled study in patients with rheumatoid arthritis and an inadequate response to methotrexate
M Schiff, M Keiserman, C Codd, S Songchaveen, A Berman, S Naviager, C Saldate, T Li, R Aranda, J-C Becker, C Lin, P L N Cernet, J M Dougados

1104 Patient-reported health outcomes in a trial of etanercept monotherapy versus combination therapy with etanercept and methotrexate for rheumatoid arthritis: the ADORE trial
P L C M van Riel, B Freundlich, D MacPeek, R Pedersen, J R Feoh, A Singh, on behalf of ADORE study investigators

1111 Genetic variations in the serotonin 5-HT2A receptor gene (HTR2A) are associated with rheumatoid arthritis
A Kling, M Saddighadeh, L Arlestit, L Alfredsson, S Rantapää-Dahlqvist, L Padyukov

1116 Can ultrasonography improve on radiographic assessment in osteoarthritis of the hands? A comparison between radiographic and ultrasonographic detected pathology
H I Keen, R J Wakefield, A J Grainger, E M A Hensor, P Emery, P G Conaghan

1121 Bosantan regulates the expression of adhesion molecules on circulating T cells and serum soluble adhesion molecules in systemic sclerosis-associated pulmonary arterial hypertension
F Iannone, M T Riccardi, S Gaiducci, R Bizzoca, M Cinelli, M Manucci-Cerini, C Lapadula

1127 Influence of age and gender on the 28-joint Disease Activity Score (DAS28) in rheumatoid arthritis
B J Radovits, J Fransen, P L C M van Riel, R F J M Luin

1132 B lymphocyte stimulator expression in patients with rheumatoid arthritis treated with tumour necrosis factor α antagonists: differential effects between good and poor clinical responders
D T La, C E Collins, H-T Yang, T-S Migue, W Stohl

1139 The clinical response to infliximab in rheumatoid arthritis is in part dependent on pretreatment tumour necrosis factor α expression in the synovium

1145 Focus on adverse events of tumour necrosis factor α blockade in juvenile idiopathic arthritis in an open monocentric long-term prospective study of 163 patients
V Gerloni, I Pontikaki, M Gattinara, F Fantini

1153 Efficient management of rheumatoid arthritis significantly reduces long-term functional disability
E Tanaka, A Mambatithara, E Inoue, M Hara, T Tomatsu, N Kamatani, G Singh, H Yamanaka

1159 A longitudinal analysis of physical functional disability over the course of juvenile idiopathic arthritis

1165 Innate production of tumour necrosis factor α and interleukin 10 is associated with radiological progression of knee osteoarthritis
