Clinical and epidemiological research

642 Increased risk of vascular disease associated with gout: a retrospective, matched cohort study in the UK Clinical Practice Research Datalink
L J Clowson, S L Hider, J Belches, C Heneghan, E Reddi, C D Mullen

648 Costs for hospital care, drugs and lost work days in incident and prevalent rheumatoid arthritis: how large, and how are they distributed?
J R Erbenson, K Johnsonson, J Askling, M Neovius

655 High incidence of disease recurrence after discontinuation of disease-modifying antirheumatic drug treatment in patients with psoriatic arthritis in remission
E G Anaejo, S Forcel, M Englbrecht, D A Schreiber, F Faustini, A Hueber, K Nas, J Belcher, G Schett

661 Rising burden of gout in the UK and continuing suboptimal management: a nationwide population study
C-F Kao, M J Gratione, C Mullen, W Zhang, M Doherty

668 Performance of four current risk algorithms in predicting cardiovascular events in patients with early rheumatoid arthritis
E H Arts, C Pope, A A Den Broeder, A G Semb, T Toms, G D Kats, P L van Riel, J Fransen

675 Gastrointestinal events in at-risk patients starting non-steroidal anti-inflammatory drugs (NSAIDs) for rheumatic diseases: the EVIDENCE study of European routine practice
A Lunas, M Boers, J Nuovo

682 Sensitivity and sensitisation in relation to pain severity in knee osteoarthritis: trait or state?

689 Prevalence of spondyloarthritis in reference to HLA-B27 in the French population: results of the GAZEL cohort
F Costantino, A Talpin, R Said-Nahal, M Goldberg, J Henry, G Chiecchia, H J Garchon, M Zins, M Breban

694 Effect of interleukin-6 receptor blockade on surrogates of vascular risk in rheumatoid arthritis: MEASURE, a randomised, placebo-controlled study
I B Mcknes, L Thompson, J T Coles, J M Bathon, J E Salmon, A M Pfau, C E Codding, T H Carlson, C Delles, J S Lee, N Sattar

703 Circulating C reactive protein in osteoarthritis: a systematic review and meta-analysis
X Jin, J R Reguerre, W Zhang, I. Blizzar, P Othkal, G Jones, C Ding

711 Association between childhood overweight measures and adulthood knee pain, stiffness and dysfunction: a 25-year cohort study
B Antonj, G Jones, A Veien, F Caiuttini, I March, J Blizzar, T Dryer, M Cross, C Ding

718 Chronic NSAID use and long-term decline of renal function in a prospective rheumatoid arthritis cohort study
B Miller, M Praxm, S Adler, A Scherer, P M Villiger, A Fanciulo, on behalf of the Swiss Clinical Quality Management in Rheumatic Diseases (SCQMD) Foundation, CH-8048 Zurich, Switzerland

724 Comparison of the long-term outcome for patients with rheumatoid arthritis with persistent moderate disease activity or disease remission during the first year after diagnosis: data from the EULAR cohort
B Combe, L Quer, M C Reinauer, S Daudin, T Schaercherbeke, J P Davris, M Dosdogus

730 Disease progression in systemic sclerosis-overlap syndrome is significantly different from limited and diffuse cutaneous systemic sclerosis

738 Evolution of cost structures in rheumatoid arthritis over the past decade
D Fischer, T Hetzendorf, U von Hurner, J Kattis, G Hoeve, A Pfeiffen, S Bocchio, A Zink, for the German Collaborative Arthritis Centres

746 Evaluation of the validity of the different arms of the ASAS set of criteria for axial spondyloarthritis and description of the different imaging abnormalities suggestive of spondyloarthritis: data from the DESIR cohort
A Abhil, S Ferrante, D van der Heijde, P Claudiel, M Radofrel, M Dosdogus
