

Table W1 Proportion of smokers (%) for different occupational and educational groups

Women					
		Never smokers	Current smokers	Ex smokers	Non regular smokers
No university degree	Cases	30	33	28	9
	Controls	39	28	21	11
University degree	Cases	48	15	26	11
	Controls	39	14	33	14
Not higher non-manual employees	Cases	32	28	29	10
	Controls	36	25	26	12
Higher employees	Cases	43	20	23	13
	Controls	42	18	25	14

Men					
		Never smokers	Current smokers	Ex smokers	Non regular smokers
No university degree	Cases	21	33	40	6
	Controls	25	27	37	10
University degree	Cases	26	21	41	12
	Controls	43	11	39	8
Not higher non-manual employees	Cases	23	29	43	5
	Controls	28	24	40	9
Higher employees	Cases	24	30	41	6
	Controls	36	12	40	12

All					
		Never smokers	Current smokers	Ex smokers	Non regular smokers
No university degree	Cases	27	33	32	8
	Controls	35	28	26	11
University degree	Cases	44	16	29	11
	Controls	40	13	35	13
Not higher non-manual employees	Cases	30	29	33	9
	Controls	34	25	30	11
Higher employees	Cases	35	24	31	10
	Controls	40	16	31	13
