

Table S1: Organ Involvement in Definite and Probable IgG4-RD

Definite IgG4-RD		Probable IgG4-RD	
Patient	Organ Involvement	Patient	Organ Involvement
1	Autoimmune Pancreatitis	28	Autoimmune pancreatitis
2	Cervical LAD	29	Autoimmune pancreatitis
3	Sinusitis, lung pseudotumor, intrathoracic and intraabdominal LAD, lacrimal glands and paravertebral masses	30	Autoimmune pancreatitis
4	Aorta, pancreas, liver and salivary glands and LAD	31	Autoimmune pancreatitis & intraperitoneal LAD
5	Pericarditis	32	Autoimmune pancreatitis
6	Cervical lymphadenopathy & ILD	33	Interstitial lung disease & intrathoracic LAD
7	Aorta & intrathoracic LAD	34	Autoimmune hepatitis
8	Autoimmune pancreatitis	35	Autoimmune pancreatitis, retroperitoneal fibrosis & intraperitoneal LAD
9	AIP, sclerosing cholangitis and RPF	36	Autoimmune pancreatitis
10	RPF & intra-abdominal LAD	37	Autoimmune pancreatitis
11	Parotitis, orbital pseudotumor and LAD	38	Autoimmune pancreatitis
12	AIP, intrathoracic and abdominal LAD and pulmonary nodules	39	Membranous nephropathy
13	AIP & sclerosing cholangitis	40	Sclerosing cholangitis
14	Parotitis, orbital pseudotumor and LAD	41	Autoimmune pancreatitis
15	AIP, parotitis and orbital pseudotumor	42	Sclerosing cholangitis & pericarditis
16	AIP, sclerosing cholangitis and parotitis	43	Sclerosing cholangitis
17	Retroperitoneal fibrosis	44	Autoimmune pancreatitis
18	Liver pseudotumor	45	Autoimmune pancreatitis
19	Thoracic aneurysmal aortitis	46	Autoimmune pancreatitis
20	Autoimmune pancreatitis	47	Sclerosing cholangitis
21	AIP & sclerosing cholangitis	48	Autoimmune pancreatitis & intraperitoneal LAD
22	Bilateral orbital pseudotumor	49	Sclerosing cholangitis
23	Autoimmune pancreatitis	50	Autoimmune pancreatitis
24	Autoimmune pancreatitis	51	Autoimmune pancreatitis
25	Tonsillitis	52	Autoimmune pancreatitis
26	Mastoiditis	53	Sclerosing cholangitis
27	Autoimmune pancreatitis, lung pseudotumor, tubulointerstitial nephritis and LAD	54	Autoimmune pancreatitis
		55	Autoimmune pancreatitis
		56	AIP & intraperitoneal LAD
		57	Sclerosing cholangitis & intraabdominal LAD
		58	Autoimmune pancreatitis

		59	AIP & sclerosing cholangitis
		60	Autoimmune pancreatitis
		61	Chronic sinusitis & cirrhosis
		62	Autoimmune pancreatitis
		63	Retroperitoneal fibrosis
		64	AIP, sialadenitis & lung pseudotumor
		65	Sclerosing cholangitis

Table S1: Organ Involvement in Definite & Probable IgG4-RD

Key: AIP is autoimmune pancreatitis; LAD is lymphadenopathy; RPF is retroperitoneal fibrosis
